Datasheet: 0100-0556

Description:	MOUSE ANTI HUMAN ANGIOTENSIN I/II/III
Specificity:	ANGIOTENSIN I/II/III
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	08/56a/A2.21 (BGN/0856/21)
Isotype:	IgG1
Quantity:	0.2 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			▪	
Immunohistology - Frozen			▪	
Immunohistology - Paraffin			▪	
ELISA	▪			1/10 - 1/100
Western Blotting			▪	

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species	Human
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein G from ascites.
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	<0.1% Sodium Azide (NaN_3)
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Immunogen	Synthetic peptide representing Angiotensin II, conjugated to rabbit albumin.

External Database Links	**UniProt:** P01019 Related reagents **Entrez Gene:** 183 AGT Related reagents
Synonyms	SERPINA8
RRID	AB_617191
Specificity	**Mousae anti Human Angiotensin antibody, clone 08/56a/A2.21** recognizes Angiotensin I, Angiotensin II and Angiotensin III in ELISA. Incomplete mapping indicates that the epitope is VYIHP (corresponding to amino acids 3-8 of Angiotensin I & II), a conserved region found in all Angiotensin molecules.
Storage	This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C. Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.
Guarantee	12 months from date of despatch
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/0100-0556 10040
Regulatory	For research purposes only
