

## Datasheet: 0178-0204

<b>Description:</b>	RABBIT ANTI HUMAN ACTH
<b>Specificity:</b>	ACTH
<b>Format:</b>	Purified
<b>Product Type:</b>	Polyclonal Antibody
<b>Isotype:</b>	Polyclonal IgG
<b>Quantity:</b>	0.5 ml

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Frozen	▪			1/100 - 1/200
Immunohistology - Paraffin	▪			1/100 - 1/200
ELISA	▪			1/500 - 1/1000
Immunofluorescence	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

<b>Target Species</b>	Human
<b>Species Cross Reactivity</b>	<p>Reacts with: Rat</p> <p>Based on sequence similarity, is expected to react with: Broad</p> <p><b>N.B.</b> Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.</p>
<b>Product Form</b>	Purified Ig - liquid
<b>Preparation</b>	Purified Ig prepared by affinity chromatography on Protein G
<b>Buffer Solution</b>	Phosphate buffered saline
<b>Preservative Stabilisers</b>	0.09% Sodium Azide (NaN <sub>3</sub> )

<b>Approx. Protein Concentrations</b>	5.0 mg/ml
<b>Immunogen</b>	Synthetic peptide corresponding to the amino acids 1-24 (SYSMEHFRWGKPVGKKRRPVKVYP) of ACTH conjugated to Keyhole limpet Haemocyanin.

<b>RRID</b>	AB_620352
<b>Specificity</b>	<p><b>Rabbit anti Human ACTH antibody</b> recognizes human adrenocorticotrophic hormone, also known as corticotrophin. ACTH is a 4.5 kDa hormone derived from cleavage of pro-opiomelanocortin (POMC), produced in the pituitary gland in response to corticotrophin releasing hormone (CRH) activity and functions to stimulate release of adrenal cortisol.</p> <p>Rabbit anti Human ACTH polyclonal antibody is directed against the N-terminal portion of adrenocorticotrophic hormone and also recognizes the ACTH cleavage fragment <math>\alpha</math>-melanocyte stimulating hormone (<math>\alpha</math>-MSH), responsible for melanin pigmentation control in most vertebrate species (<a href="#">Fiordeliso <i>et al.</i> 2006</a>). Rabbit anti Human ACTH does not recognize the C-terminal ACTH cleavage product, corticotropin-like intermediary peptide (CLIP).</p>
<b>Histology Positive Control Tissue</b>	ACTH-containing cells of the anterior pituitary gland.
<b>References</b>	<ol style="list-style-type: none"> <li>Osamura, R.Y. <i>et al.</i> (1980) Adrenocorticotrophic hormone cells and immunoreactive beta-endorphin cells in the human pituitary gland: normal and pathologic conditions studied by the peroxidase-labeled antibody method. <a href="#">Am J Pathol. 99 (1): 105-24.</a></li> <li>Fiordeliso, T. <i>et al.</i> (2006) Cells of proopiomelanocortin lineage from the rodent anterior pituitary lack sexually dimorphic expression of neurofilaments. <a href="#">Neuroendocrinology. 83:360-70.</a></li> <li>Farris, G.M. <i>et al.</i> (2007) Recombinant rat and mouse growth hormones: risk assessment of carcinogenic potential in 2-year bioassays in rats and mice. <a href="#">Toxicol Sci. 97: 548-61.</a></li> </ol>
<b>Storage</b>	<p>This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.</p> <p>Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.</p>

<b>Guarantee</b>	12 months from date of despatch
