

Datasheet: 0200-0064

**BATCH NUMBER 160808**

|                      |  |
|----------------------|--|
| <b>Description:</b>  | MOUSE ANTI HUMAN THYROID STIMULATING HORMONE |
| <b>Specificity:</b>  | THYROID STIMULATING HORMONE BETA CHAIN       |
| <b>Format:</b>       | Purified                                     |
| <b>Product Type:</b> | Monoclonal Antibody                          |
| <b>Clone:</b>        | 154  |
| <b>Isotype:</b>      | IgG1   |
| <b>Quantity:</b>     | 1 mg   |

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

|                            | Yes | No | Not Determined | Suggested Dilution |
|----------------------------|-----|----|----------------|--------------------|
| Immunohistology - Frozen   |     |    | ▪              |                    |
| Immunohistology - Paraffin |     |    | ▪              |                    |
| ELISA                      | ▪   |    |                |                    |
| Western Blotting           |     |    | ▪              |                    |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

|                                       |  |
|---------------------------------------|--|
| <b>Target Species</b>                 | Human  |
| <b>Product Form</b>                   | Purified IgG - liquid                            |
| <b>Preparation</b>                    | Purified IgG prepared by affinity chromatography |
| <b>Buffer Solution</b>                | Phosphate buffered saline                        |
| <b>Preservative Stabilisers</b>       | 0.09% Sodium Azide (NaN <sub>3</sub> )           |
| <b>Approx. Protein Concentrations</b> | IgG concentration 1.0mg/ml                       |
| <b>Immunogen</b>                      | Native Human beta-TSH.                           |

AB\_617401

---

**Specificity**

**Mouse anti Human thyroid stimulating hormone, clone 154** recognizes the  $\beta$  chain of human thyroid stimulating hormone (TSH), a hormone produced by the pituitary gland, which acts to stimulate the growth of the thyroid and production of thyroid hormones. This antibody shows minimal cross-reactivity with beta Human chorionic gonadotropin (hCG), Luteinizing Hormone (LH) or Follicle Stimulating Hormone (FSH).

---

**Storage**

Store at +4°C or at -20°C if preferred.  
Storage in frost-free freezers is not recommended.  
This product should be stored undiluted.  
Avoid repeated freezing and thawing as this may denature the antibody.  
Should this product contain a precipitate we recommend microcentrifugation before use.
