

Datasheet: 0300-0104

Description:	MOUSE ANTI HUMAN NEURON SPECIFIC ENOLASE
Specificity:	NEURON SPECIFIC ENOLASE
Other names:	NSE
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	1C1
Isotype:	IgG2a
Quantity:	0.2 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Paraffin	▪			
ELISA	▪			
Western Blotting	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species	Human
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein G from ascites
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	<0.1% Sodium Azide (NaN ₃)
Approx. Protein Concentrations	1.0 mg/ml
Immunogen	Native, from brain.

Specificity

Mouse anti Human neuron specific enolase antibody, clone 1C1 recognizes human enolase 2, also known as neuron specific enolase (NSE), gamma enolase, neural enolase or 2-phospho-D-glycerate hydro-lyase. Mouse anti Human neuron specific enolase antibody, clone 1C1 reacts with a 45 kDa band corresponding to NSE on immunoblots of human brain extracts.

Storage

This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.

Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.

Guarantee

12 months from date of despatch
