

Datasheet: 1990-2709

BATCH NUMBER 165959

Description:	MOUSE ANTI CHLAMYDIA TRACHOMATIS MOMP
Specificity:	CHLAMYDIA TRACHOMATIS MOMP
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	1297/143
Isotype:	IgG2a
Quantity:	0.2 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			
Western Blotting	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species	Bacterial
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein A from tissue culture supernatant
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Carrier Free	Yes
Approx. Protein Concentrations	IgG concentration 1.0mg/ml

Immunogen Native MOMP, serovar E, from *Chlamydia trachomatis*.

Specificity

Mouse anti Chlamydia trachomatis MOMP antibody, clone 1297/143 recognizes the major outer membrane porin (MOMP) from *Chlamydia trachomatis* a peptide reported to provide structural integrity to the elementary bodies during the bacteria's infective stage.

This antibody has not been cross adsorbed and may react with MOMP from other serovars.

Storage

This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.

Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.

Guarantee

12 months from date of despatch
