

Datasheet: 403001

BATCH NUMBER 171229

Description:	GOAT ANTI RABBIT IgG
Specificity:	IgG
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			▪	
Immunohistology - Frozen			▪	
Immunohistology - Paraffin			▪	
ELISA	▪			
Immunoblotting	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species Rabbit

Product Form Purified IgG - liquid

Antiserum Preparation Antiserum to was raised by repeated immunisation of with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.

The preparation has been cross absorbed with rabbit IgM to remove any potential cross reactivity. This antibody may cross react with IgG from other species

Buffer Solution Borate buffered saline

Preservative Stabilisers None present

Approx. Protein IgG concentration 1.0 mg/ml

Concentrations

Immunogen Purified rabbit IgG from normal rabbit serum

RRID AB_609687

Specificity **Goat anti Rabbit IgG antibody** recognizes the heavy chain of rabbit IgG.

Cross-reactivity against rabbit IgM is reduced by solid phase adsorption. This antibody may react with IgG from other species.

Storage

Store at -20°C only.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee

Guaranteed for 12 months from the date of despatch or until the date of expiry, whichever comes first. Please see label for expiry date.

Health And Safety Information
