

Datasheet: 4420-4804

**BATCH NUMBER 166765**

<b>Description:</b>	NATIVE HUMAN FERRITIN
<b>Name:</b>	FERRITIN
<b>Format:</b>	Purified
<b>Product Type:</b>	Purified Protein
<b>Quantity:</b>	1 mg

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
ELISA	■			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

<b>Target Species</b>	Human
<b>Product Form</b>	Purified protein from human liver - liquid
<b>Preparation</b>	Multiple purification steps
<b>Buffer Solution</b>	TRIS buffered sodium chloride pH 7-8
<b>Preservative</b>	<0.01% bromo-nitro-dioxane
<b>Stabilisers</b>	<0.01% methylisothiazolone
<b>Approx. Protein Concentrations</b>	3.0 mg/ml

---

**Synonyms** FTH, FTHL6

---

**Product Information** **Native human Ferritin** is a purified preparation of human ferritin from liver tissue. Ferritin is a globular protein composed of 24 identical subunits responsible for storing iron in an available non-toxic form. Ferritin is found primarily in hepatic tissue. Serum levels of ferritin are used as an indicator for anaemia and restless leg syndrome. Ferritin levels are a direct correlate for the total amount of iron stored in the body

---

**Purity** SDS PAGE: >95%

**Storage** Store at +4°C. DO NOT FREEZE.  
This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation before use.

---

**Guarantee** 12 months from date of despatch

---

**Health And Safety Information** Material Safety Datasheet documentation #10520 available at: <https://www.bio-rad-antibodies.com/SDS/4420-4804>  
10520

Donor material tested and found negative for HIV-1/HCV/HBV by NAT, HBsAg, HCV Ab, HIV 1&2 Ab, and RPR by currently approved FDA methods.

As no test can completely guarantee this material to be free of pathogens it should be handled as potentially infectious.
