

Datasheet: 4670-5144

Description:	SYNTHETIC HUMAN GluR2 (aa831-842)
Name:	GluR2 (aa831-842)
Other names:	GLUTAMATE RECEPTOR 2
Format:	Purified
Product Type:	Purified Protein
Quantity:	50 µg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	■			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species	Human
Product Form	Purified synthetic peptide - lyophilised
Reconstitution	Use sterile distilled water or physiological buffer. Stable at concentrations of ≥ 2 mg/ml. This product has been lyophilised by rotary evaporation. The peptide will therefore be coating the inside of the vial and will not be visible as a powder at the bottom.
Preparation	Solid phase synthesis
Buffer Solution	Acetate salt
Preservative Stabilisers	See Buffer solution.

Storage Store at -20°C only.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the protein.

Guarantee 12 months from date of despatch
