

Datasheet: 740601L

BATCH NUMBER 162898

Description:	RECOMBINANT PROTEIN G
Name:	PROTEIN G
Format:	Rec. Protein
Product Type:	Recombinant Protein
Quantity:	5 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			
Immunoprecipitation	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Bacterial
Product Form	Recombinant Protein - lyophilized
Reconstitution	Reconstitute with 1ml phosphate buffered saline
Preparation	Recombinant Protein G, from <i>Streptococcus</i> strain G148, expressed in <i>E.coli</i>
Preservative Stabilisers	None present

Product Information **Recombinant Protein G** is a preparation of streptococcal protein G expressed in *E. coli*. Protein G binds to the Fc portion of immunoglobulin G subclasses (IgGs) from a broad range of species including human and mouse, and does not bind IgA, IgE, IgM or serum albumin.

Storage

Store at -20°C only.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted.

Guarantee

Guaranteed for 12 months from the date of despatch or until the date of expiry, whichever comes first. Please see label for expiry date.
