

Datasheet: 7720-1420 BATCH NUMBER 160686

| Description: | MOUSE ANTI PROGESTERONE |
|---------------|-------------------------|
| Specificity: | PROGESTERONE |
| Format: | Purified |
| Product Type: | Monoclonal Antibody |
| Clone: | BGN/6-5E-3F |
| Isotype: | lgG1 |
| Quantity: | 1 mg |

Product Details

| Applications | This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further | | | | | |

| | information. For general | protocol re | commend | lations, please visit <u>w</u> | ww.bio- | |
| | rad-antibodies.com/protocols. | | | | | |
| | | Yes | No | Not Determined | Suggested Dilution | |
| | ELISA | • | | | | |
| | Where this product has not been tested for use in a particular technique this does r necessarily exclude its use in such procedures. Suggested working dilutions are giv a guide only. It is recommended that the user titrates the product for use in their ow system using the appropriate negative/positive controls. | | | | | |
| Target Species | Broad | | | | | |
| Product Form | Purified IgG - liquid Purified IgG prepared by affinity chromatography on Protein A from tissue culture supernatant | | | | | |
| Preparation | | | | | | |
| Buffer Solution | Phosphate buffered salin | ie | | | | |
| Preservative Stabilisers | 0.09% Sodium Azide (NaN ₃) | | | | | |
| Carrier Free | Yes | | | | | |
| Approx. Protein Concentrations | 1.0mg/ml | | | | | |
| Immunogen | Progesterone hemisuccinate conjugated to bovine serum albumin. | | | | | |

| RRID | AB_619199 | | | |
|----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|
| Specificity | Mouse anti progesterone antibody, clone BGN/6-5E-3F recognizes progesterone, a steroid hormone synthesized from the cholesterol derivative, pregnenolone, in the cortex of the adrenal gland. | | | |
| | Progesterone is secreted by the corpus luteum and acts to prepare the endometrium for the implantation of a fertilized egg. During pregnancy, it is secreted by the placenta in order to prevent spontaneous abortion and to stimulate the development of mammary tissue to produce milk. Progesterone is available as a pharmaceutical that can be used to treat menstrual disorders and for the prevention of miscarriage. | | | |
| | Mouse anti progesterone antibody, clone BGN/6-5E-3F exhibits minimal cross reactivity with related compounds in ELISA. | | | |
| Storage | This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C. | | | |
| | Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended. | | | |
| Guarantee | 12 months from date of despatch | | | |
| Health And Safety Information | Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/7720-1420 10040 | | | |
| Regulatory | For research purposes only | | | |
