Datasheet: 8209-4057

Description: MOUSE ANTI SALMONELLA GROUP FLAGELLAR ANTIGEN

Specificity: SALMONELLA GROUP FLAGELLAR ANTIGEN

Format: Purified

Product Type: Monoclonal Antibody

Clone: 4H2

Isotype: IgG1

Quantity: 0.1 mg

Product Details

RRID: AB_620645

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species: Bacterial

Product Form: Purified IgG - liquid

Preparation: Purified IgG prepared by affinity chromatography on Protein A.

Buffer Solution: Phosphate buffered saline

Preservative Stabilisers: 0.1% Sodium Azide (NaN₃)

Approx. Protein Concentrations: 0.1 mg/ml

Immunogen: Native

Specificity: Mouse anti Salmonella group flagellar antigen antibody, clone 4H2 recognizes the flagellum protein present in most Salmonella species and is broadly reactive in ELISA. This antibody does
not detect *E. coli* and other intestinal bacteria.

*Salmonella* is a genus of the family Enterobacteriaceae populated by a variety of Gram negative rod-shaped bacteria, many of which are pathogenic and cause a range of diseases in humans. Salmonellae possess 3 major surface antigens; the H or flagellar antigen (phase 1 and 2), the O or somatic antigen (part of the LPS moiety) and the Vi or capsular antigen (referred to as K in other Enterobacteriaceae). Salmonellae also possess the LPS endotoxin characteristic of Gram negative bacteria. This LPS is composed of an O polysaccharide (O antigen) an R core and the endotoxic inner Lipid A.

**References**

**Storage**
Store at +4°C or at -20°C if preferred.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

**Guarantee**
18 months from date of despatch.

**Health And Safety Information**
Material Safety Datasheet documentation #10303 available at:

**Regulatory**
