## Datasheet: 9503-2057 BATCH NUMBER 163785

Description:	RABBIT ANTI VACCINIA VIRUS
Specificity:	VACCINIA VIRUS
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 ml

## **Product Details**

Applications	This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <u>www.bio-rad-antibodies.com/protocols</u> .								
		Yes	No	Not Determined	Suggested Dilution				
	Immunohistology - Frozen	-							
	ELISA	•							
	Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.								
Target Species	Viral								
Product Form	Purified IgG - liquid								
Buffer Solution	Phosphate buffered saline								
Preservative Stabilisers	0.1% Sodium Azide (NaN <sub>3</sub> )								
Approx. Protein Concentrations	IgG concentration 5 mg/ml								
Immunogen	Vaccinia virus, New York City Board of Health (NYCBOH) strain.								
RRID	AB_619589								
Specificity	Rabbit anti vaccinia vir with Lister and NYCBOF				rified virions. It reacts

Storage	This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C. Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.
Guarantee	12 months from date of despatch
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/9503-2057 10040
Regulatory	For research purposes only
