

Datasheet: 9503-2057

Description:	RABBIT ANTI VACCINIA VIRUS
Specificity:	VACCINIA VIRUS
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 ml

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Frozen	•			
ELISA	•			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species	Viral	
Product Form	Purified IgG - liquid	
Buffer Solution	Phosphate buffered saline	
Preservative Stabilisers	0.1% Sodium Azide (NaN ₃)	
Approx. Protein Concentrations	IgG concentration 4 mg/ml	
Immunogen	Vaccinia virus, New York City Board of Health (NYCBOH) stra	in.
RRID	AB_619589	
Specificity	Rabbit anti vaccinia virus antibody recognizes vaccinia virus purified virions. It reacts with Lister and NYCBOH strains of Vaccinia. It does not cross react with Parainfluenza (1-3), RSV, Adenovirus, Influenza A+B, or HSV.

Storage

Store at +4°C or at -20°C if preferred.

Storage in frost-free freezers is not recommended.

This product should be stored undiluted.

Avoid repeated freezing and thawing as this may denature the antibody.

Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee

12 months from date of despatch
