

Datasheet: 9580-2710

BATCH NUMBER 148176

Description:	RABBIT ANTI HUMAN VITAMIN D BINDING PROTEIN
Specificity:	VITAMIN D BINDING PROTEIN
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 ml

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	■			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species	Human
Product Form	Purified Ig - liquid
Preparation	Purified Ig prepared by affinity chromatography on Protein G
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Approx. Protein Concentrations	5.0 mg/ml
Immunogen	Native human vitamin D binding protein

Specificity **Rabbit anti Human vitamin D binding protein antibody** recognizes Vitamin D binding protein (VDBP), the major carrier protein of vitamin D that also transports components such as fatty acids and endotoxins and has an important role in the actin scavenging system. VDBP is a 52-58 kDa plasma protein synthesized mainly by hepatocytes. Polymorphisms in the gene give rise to three major electrophoretic variants, Gc1, Gc1s and Gc1f that differ by amino acid substitutions as well as glycosylations.

Storage Store at +4°C or at -20°C if preferred.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee 12 months from date of despatch
