

Datasheet: AAI38P BATCH NUMBER 165110

Description:	GOAT ANTI HORSE IgG (T):HRP
Specificity:	IgG (T)
Format:	HRP
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Frozen			•	
Immunohistology - Paraffin			•	
ELISA				1/10,000 - 1/100,000
Western Blotting			•	

Where this antibody has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the antibody for use in their own system using the appropriate negative/positive controls.

Target Species	Horse	
Product Form	Purified IgG conjugated to Horseradish Peroxidase (HRP) - lic	uid
Antiserum Preparation	Antisera to equine IgG (T) were raised by repeated immunizate purified antigen. Purified IgG prepared by affinity chromatogra	• • • •
Buffer Solution	Phosphate buffered saline.	
Preservative Stabilisers	0.05% Proclin 300 0.2% Bovine Serum Albumin	
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml.	
Immunogen	Purified equine IgG (T).	

RRID	AB_323021
Specificity	Goat anti Horse IgG (T) antibody recognizes equine IgG (T). No cross-reactivity with
	other equine immunoglobulin classes is seen in immuno-electrophoresis.
	Goat anti Horse IgG (T) antibody may cross react with IgG from other species.

Storage	Store at +4°C. DO NOT FREEZE.
	This product should be stored undiluted. Should this product contain a precipitate we
	recommend microcentrifugation before use.
Guarantee	12 months from date of despatch.
