

Datasheet: AAR22

Description:	RABBIT ANTI RAT CXCL1
Specificity:	CXCL1
Other names:	GRO1
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			▪	
Immunohistology - Frozen			▪	
Immunohistology - Paraffin			▪	
ELISA	▪			0.5ug/ml - 2.0ug/ml
Immunoprecipitation			▪	
Western Blotting	▪			0.1ug/ml - 0.2ug/ml
Functional Assays	▪			5ug/ml - 10ug/ml

Where this antibody has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the antibody for use in their own systems with the appropriate negative/positive controls.

Target Species	Rat
Product Form	Purified IgG - lyophilized
Reconstitution	Reconstitute with 0.1ml distilled water Care should be taken during reconstitution as the protein may appear as a film at the bottom of the vial. Bio-Rad recommend that the vial is gently mixed after reconstitution. For long term storage the addition of 0.09% sodium azide is recommended. N.B. For functional studies do not add sodium azide
Preparation	Purified IgG prepared by affinity chromatography

Antiserum Preparation Antiserum to CXCL1 was raised by repeated immunisation of rabbits with highly purified

antigen.

Buffer Solution	Phosphate buffered saline
------------------------	---------------------------

Preservative Stabilisers	None present
---------------------------------	--------------

Carrier Free	Yes
---------------------	-----

Approx. Protein Concentrations	IgG concentration 1.0 mg/ml after reconstitution.
---------------------------------------	---

Immunogen	Recombinant rat CXCL1.
------------------	------------------------

Synonyms	Cinc1, Gro, Scyb1
-----------------	-------------------

RRID	AB_2087721
-------------	------------

Specificity	Rabbit anti Rat CXCL1 antibody recognizes rat CXCL1 also known as GRO1 and CINC-1, an ~8 kDa cytokine which promotes neutrophil chemotaxis and degranulation and is expressed predominantly by monocytes after activation, but is also expressed by fibroblasts, endothelial cells, synovial cells and several tumour cell lines.

References	1. Vallès, A. <i>et al.</i> (2006) Differential regulation of the CXCR2 chemokine network in rat brain trauma: implications for neuroimmune interactions and neuronal survival. Neurobiol Dis.22: 312-22.
-------------------	---

Storage	Prior to reconstitution store at -20°C. After reconstitution store at -20°C. This product should be stored undiluted. Storage in frost-free freezers is not recommended. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
----------------	--

Guarantee	12 months from date of despatch
------------------	---------------------------------

Health And Safety Information	Material Safety Datasheet documentation #10294 available at: 10294: https://www.bio-rad-antibodies.com/uploads/MSDS/10294.pdf
--------------------------------------	--

Regulatory	For research purposes only
