

Datasheet: AHP1005

BATCH NUMBER 172779

Description:	RABBIT ANTI ADIPONECTIN (C-TERMINAL)
Specificity:	ADIPONECTIN (C-TERMINAL)
Other names:	ADIPOQ
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry	▪			
Immunohistology - Frozen			▪	
Immunohistology - Paraffin (1)	▪			10ug/ml
ELISA			▪	
Immunoprecipitation			▪	
Western Blotting	▪			1 - 2ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

(1) This product requires antigen retrieval using heat treatment prior to staining of paraffin sections. Sodium citrate buffer pH 6.0 is recommended for this purpose.

Species Cross Reactivity

Reacts with: Human, Rat, Mouse

N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

Product Form

Purified IgG - liquid

Antiserum Preparation Antisera to Human Adiponectin (CT) were raised by repeated immunisations of rabbits

with highly purified antigen. Purified IgG prepared by affinity chromatography.

Buffer Solution	Phosphate buffered saline
------------------------	---------------------------

Preservative Stabilisers	0.02% Sodium Azide (NaN ₃)
---------------------------------	--

Approx. Protein Concentrations	IgG concentration 1.0mg/ml
---------------------------------------	----------------------------

Immunogen	A 15 amino acid peptide located near human Adiponectin carboxy-terminus.
------------------	--

External Database Links	UniProt: Q15848 Related reagents Entrez Gene: 9370 ADIPOQ Related reagents
--------------------------------	---

Synonyms	ACDC, ACRP30, APM1, GBP28
-----------------	---------------------------

RRID	AB_609554
-------------	-----------

Specificity	<p>Rabbit anti Human adiponectin antibody recognizes an epitope within the C-terminal region (CT) of the 244 amino acid protein adiponectin (also known as Acrp30), a major adipokine secreted into the bloodstream from adipose tissue to modulate metabolism, including glucose regulation and fatty acid catabolism.</p> <p>Unlike most other adipokines, Adiponectin is secreted exclusively by differentiating adipocytes at reduced levels during obesity. The serum level of Adiponectin is inversely correlated with BMI (body mass index) of an individual, and has an anti-inflammatory action, playing an important role in type II diabetes (insulin sensitivity) and atherosclerosis.</p>
--------------------	---

Histology Positive Control Tissue	Rat brain.
--	------------

Western Blotting	AHP1005 detects a band of approximately 26.4kDa in human HL60 cell lysates
-------------------------	--

Storage	This product is shipped at ambient temperature. It is recommended to aliquot and store at
----------------	---

-20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.

Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.

Guarantee	12 months from date of despatch
------------------	---------------------------------

Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/AHP1005
--------------------------------------	--

Regulatory	For research purposes only
