

## Datasheet: AHP1592

**BATCH NUMBER 201212**

<b>Description:</b>	RABBIT ANTI HUMAN DNASE II (C-TERMINAL)
<b>Specificity:</b>	DNASE II (C-TERMINAL)
<b>Format:</b>	Purified
<b>Product Type:</b>	Polyclonal Antibody
<b>Isotype:</b>	Polyclonal IgG
<b>Quantity:</b>	0.1 mg

### Product Details

#### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Paraffin (1)	▪			5ug/ml
Western Blotting	▪			0.5 - 1.0ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

**(1)This product requires antigen retrieval using heat treatment prior to staining of paraffin sections.Sodium citrate buffer pH 6.0 is recommended for this purpose.**

**Target Species** Human

**Product Form** Purified IgG - liquid

**Antiserum Preparation** Antiserum to human DNase II (CT) was raised by repeated immunisation of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.

**Buffer Solution** Phosphate buffered saline

**Preservative Stabilisers** 0.02% Sodium Azide (NaN<sub>3</sub>)

**Approx. Protein Concentrations** IgG concentration 1.0mg/ml

---

**Immunogen** A peptide corresponding to amino acids near the carboxy terminus of human DNase II precursor.

---

---

**Synonyms** DLAD, DNASE2A, DNL2

---

**RRID** AB\_2095543

---

**Specificity** **Rabbit anti Human DNAase II antibody** recognizes human DNase II, also known as Deoxyribonuclease II. DNAaseII is an enzyme involved in both the condensation of chromatin and the fragmentation of DNA.

DNase II is ubiquitously expressed in human tissues.

---

**Western Blotting** AHP1592 detects a band of approximately 40kDa in human tissue spleen cell lysates.

---

**Storage** Store at +4°C or at -20°C if preferred.  
Storage in frost-free freezers is not recommended.  
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
