

Datasheet: AHP1714

Description:	GOAT ANTI HUMAN C-REACTIVE PROTEIN
Specificity:	C-REACTIVE PROTEIN
Other names:	CRP
Format:	Serum
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 ml

Product Details

RRID AB_2245390

Applications This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			
Turbidimetry	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species Human

Product Form Serum - liquid

Buffer Solution TRIS buffered saline

Preservative Stabilisers 0.09% Sodium Azide (NaN₃)

Synonyms PTX1

Specificity **Goat anti human C-reactive protein antibody** recognizes human C-reactive protein (CRP), an acute phase reactant belonging to the pentraxin family. In response to cytokine stimulation CRP is secreted into the plasma by the liver and binds to phosphocholine on the surface of damaged

tissues in order to activate the complement system.

Levels of plasma CRP are significantly increased during the acute phase response, tissue injury and infection and can be used diagnostically as a marker of inflammation, disease progress and risk assessment of cardiovascular disease (CVD).

Goat anti human CRP antibody is available in bulk quantities and can be purified to customers' specifications. Please enquire for more details.

Storage

Store at +4°C or at -20°C if preferred.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Shelf Life

18 months from date of despatch.

Health And Safety Information

Material Safety Datasheet documentation #10057 available at:
