

Datasheet: AHP1761

Description:	GOAT ANTI HUMAN IgE
Specificity:	IgE
Format:	Serum
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 ml

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Turbidimetry	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Human
Product Form	Serum - liquid
Antiserum Preparation	Antisera to Human IgE were raised by repeated immunisation of goats with highly purified antigen
Buffer Solution	TRIS buffered saline
Preservative Stabilisers	0.1% Sodium Azide (NaN ₃)
Immunogen	Purified human IgE

Specificity **Goat anti human IgE antibody** recognizes human IgE, the least abundant immunoglobulin class, and found only in mammals.

IgE plays an important role in allergic responses, particularly type 1 hypersensitivity. It is also implicated in immune responses to parasitic worms such as *Schistosoma*, *Trichinella* and *Fasciola* species and with protozoan parasites such as *Plasmodium falciparum*.

Goat anti human IgE antibody is available in bulk quantities and may be made available in other formats. Please enquire for further details.

Storage This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.

Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.

Guarantee 12 months from date of despatch
