

Datasheet: AHP2309

Description:	RABBIT ANTI HISTONE DEACETYLASE 2
Specificity:	HISTONE DEACETYLASE 2
Other names:	HDAC2
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	50 µg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			0.5 - 4.0 ug/ml
Immunocytochemistry	▪			10 - 20 ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Human
Species Cross Reactivity	Reacts with: Mouse, Rat Based on sequence similarity, is expected to react with: Chicken, Hamster, Dog N.B. Antibody reactivity and working conditions may vary between species.
Product Form	Purified IgG - liquid
Buffer Solution	Phosphate buffered saline
Preservative	30% Glycerol
Stabilisers	0.5% Bovine Serum Albumin 0.01% Thiomersal
Approx. Protein Concentrations	IgG concentration 0.2 mg/ml
Immunogen	Synthetic peptide surrounding amino acid 479 of human HDAC2
External Database Links	UniProt: Q92769 Related reagents
	Entrez Gene:

Specificity	Rabbit anti Histone deacetylase 2 antibody recognizes histone deacetylase 2 (HDAC2). Histone acetylation and deacetylation play important roles in modifying chromatin structure and regulating eukaryotic gene expression. HDAC2 has been characterized as a class I HDAC enzyme, which is related to the yeast transcriptional regulator Rpd3p.
Western Blotting	Rabbit anti Histone deacetylase 2 recognizes a band of approximately 55 kDa in Jurkat cell lysate, mouse small intestine tissue lysate and rat kidney tissue lysate
Storage	Store at -20°C Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
Guarantee	12 months from date of despatch
Health And Safety Information	Material Safety Datasheet documentation #10096 available at: 10096: https://www.bio-rad-antibodies.com/uploads/MSDS/10096.pdf
Regulatory	For research purposes only
