

Datasheet: AHP2370

Description:	GOAT ANTI BOVINE INTERFERON ALPHA A
Specificity:	IFN ALPHA A
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			▪	
Immunohistology - Frozen			▪	
Immunohistology - Paraffin			▪	
ELISA	▪			1ug/ml - 5ug/ml
Immunoprecipitation			▪	
Western Blotting	▪			0.1ug/ml - 2ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Bovine
Species Cross Reactivity	Does not react with:Pig, Chicken, Dog, Horse
Product Form	Purified IgG - liquid
Antiserum Preparation	Antisera to bovine interferon alpha A were raised by repeated immunisation of goats with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Immunogen	Recombinant bovine IFN α A

Specificity

Goat anti Bovine interferon alpha A antibody recognizes bovine interferon alpha A (IFN α A), a 21.4 kDa type I interferon belonging to the alpha/beta interferon family. IFN α A is produced by macrophages and involved in defence against viral infections.

ELISA

This product may be used as a capture antibody in a sandwich ELISA together with [AHP2370B](#) as the detection reagent. Recombinant Bovine interferon alpha A ([PBP019](#)) may be used as a standard.

Storage

Store at +4°C. DO NOT FREEZE.
This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation before use.

Shelf Life

12 months from date of despatch
