

Datasheet: AHP2397B BATCH NUMBER 142802

Description:	RABBIT ANTI PIG TNF ALPHA:Biotin
Specificity:	TNF ALPHA
Other names:	TNFSF2
Format:	Biotin
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	50 μg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			•	
Immunohistology - Frozen			•	
Immunohistology - Paraffin			•	
ELISA	•			0.05ug/ml - 0.5ug/ml
Immunoprecipitation				
Western Blotting				

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

purified antigen. Purified IgG was prepared from whole serum by affinity chromatography

Target Species	Pig
Species Cross Reactivity	Reacts with: Dog, Bovine, Dolphin, Cat N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.
Product Form	Purified IgG conjugated to Biotin - liquid
Antiserum Prepara	tion Antisera to pig TNF alpha were raised by repeated immunisation of rabbits with highly

Regulatory	For research purposes only
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/AHP2397B 10040
Guarantee	12 months from date of despatch
Storage	Store at +4°C. DO NOT FREEZE. This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation before use.
ELISA	This product may be used as a detection antibody in a sandwich ELISA together with <u>AHP2397</u> as the capture reagent. Recombinant Pig TNF alpha (<u>PPP029</u>) may be used as a standard.
Specificity	Rabbit anti Pig TNF alpha antibody recognizes porcine tumor necrosis factor alpha (TNF α). TNF α is produced by a range of cells including macrophages, monocytes, T and B cells, neutrophils and endothelial cells. TNF α has a key regulatory role in the porcine immune response where it is involved in modulating the expression of numerous cytokines, growth factors, inflammatory mediators and acute phase proteins.
Synonyms	TNFA, TNFSF2
External Database Links	UniProt: P23563 Related reagents Entrez Gene: 397086 TNF Related reagents
Immunogen	Recombinant pig tumor necrosis factor alpha (TNFα)
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Buffer Solution	Phosphate buffered saline
