Datasheet: AHP2460

BATCH NUMBER 141420

Description:	RABBIT ANTI DJ-1
Specificity:	DJ-1
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	50 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/500 - 1/2000

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species

Human

Species Cross Reactivity

Reacts with: Mouse
Based on sequence similarity, is expected to react with:Rat
N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

Product Form

Purified IgG - liquid

Antiserum Preparation

Antiserum to DJ-1 was raised by repeated immunization of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.

Buffer Solution

Phosphate buffered saline

Preservative Stabilisers

0.02% Sodium Azide
50% Glycerol

Immunogen	Recombinant human DJ-1
External Database Links	**UniProt:** Q99497 Related reagents **Entrez Gene:** 11315 PARK7 Related reagents
Specificity	**Rabbit anti DJ-1 antibody** recognizes DJ-1, also known as protein deglycase DJ-1, Parkinson's disease protein 7 or PARK7. DJ-1 is a molecular chaperone and anti-oxidative protein. DJ-1 has roles in several forms of cancer as well as autosomal recessive Parkinson's disease.
Western Blotting	Rabbit anti DJ-1 antibody detects a band of approximately 20 kDa in cell lysates under reducing conditions
Storage	Store at -20ºC Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
Guarantee	12 months from date of despatch
Health And Safety Information	Material Safety Datasheet documentation #10049 available at: https://www.bio-rad-antibodies.com/SDS/AHP2460 10049
Regulatory	For research purposes only
