

Datasheet: AHP2461 BATCH NUMBER 165994

| Description: RABBIT ANTI DNAJA | |
|--------------------------------|---------------------|
| Specificity: | DNAJA3 |
| Format: | Purified |
| Product Type: | Polyclonal Antibody |
| Isotype: | Polyclonal IgG |
| Quantity: | 50 μΙ |
| | |

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

| | Yes | No | Not Determined | Suggested Dilution |
|------------------|-----|----|----------------|--------------------|
| Western Blotting | | | | 1/500 - 1/2000 |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

| Target Species | Human |
|-----------------------------|---|
| Species Cross Reactivity | Reacts with: Mouse, Rat N.B. Antibody reactivity and working conditions may vary between |

N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

| Product Form | Purified IgG - liquid | |
|--------------|-----------------------|--|
| | | |

Antiserum Preparation Antiserum to DNAJA3 was raised by repeated immunization of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.

| Buffer Solution | Phosphate buffered saline |
|-----------------|---------------------------|
| Preservative | 0.02% Sodium Azide |
| Stabilisers | 50% Glycerol |

Immunogen Recombinant human DNAJA3

Synonyms HCA57, TID1

Specificity Rabbit anti DNAJA3 antibody recognizes DNAJA3, also known as DnaJ homolog

subfamily A member 3 or tumorous imaginal disc 1(TID1). DNAJA3 is a member of the DNAJ/Hsp40 protein family and as such contains a conserved DnaJ domain. Members of the DNAJ/Hsp40 family interact with and facilitate the activity of the Hsp70 family of

molecular chaperones.

Western Blotting Rabbit anti DNAJA3 antibody detects a band of approximately 50 kDa in cell lysates and

tissue lysates under reducing conditions

Storage Store at -20°C

Storage in frost-free freezers is not recommended.

This product should be stored undiluted. Avoid repeated freezing and thawing as this may

denature the antibody. Should this product contain a precipitate we recommend

microcentrifugation before use.

Guarantee 12 months from date of despatch
