<b>Specificity</b>	<b>Rabbit anti FADD antibody</b> recognizes FADD, also known as Fas-associated death domain protein, MORT1, growth-inhibiting gene 3 protein or mediator of receptor induced toxicity. FADD is a 23 kDa protein consisting of a C-terminal death domain and an N-terminal death effector domain. FADD is involved in forming the death-inducing signalling complex (DISC) during apoptosis.
<b>Western Blotting</b>	Rabbit anti FADD antibody detects a band of approximately 25 kDa in cell lysates and tissue lysates under reducing conditions
<b>Storage</b>	Store at -20°C Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
