

Datasheet: AHP2517

BATCH NUMBER 162623

Description:	RABBIT ANTI PTPN2
Specificity:	PTPN2
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	50 µl

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Paraffin	■			1/50 - 1/200
Western Blotting	■			1/500 - 1/2000

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Human
Species Cross Reactivity	<p>Reacts with: Rat</p> <p>Based on sequence similarity, is expected to react with: Mouse</p> <p>N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.</p>
Product Form	Purified IgG - liquid
Antiserum Preparation	Antiserum to PTPN2 was raised by repeated immunization of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.02% Sodium Azide

50% Glycerol

Immunogen	Recombinant human PTPN2
External Database Links	UniProt: P17706 Related reagents Entrez Gene: 5771 PTPN2 Related reagents
Synonyms	PTPT
Specificity	Rabbit anti PTPN2 antibody recognizes tyrosine-protein phosphatase non-receptor type 2 (PTPN2) also known as T cell protein-tyrosine phosphatase (TCPTP). PTPN2 belongs to the protein tyrosine phosphatase family and regulates many cellular processes including hematopoiesis, inflammatory response, cell division and glucose homeostasis.
Western Blotting	Rabbit anti PTPN2 antibody detects a band of approximately 49 kDa in cell lysates under reducing conditions
Storage	Store at -20°C Storage in frost-free freezers is not recommended. This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
Guarantee	12 months from date of despatch
Health And Safety Information	Material Safety Datasheet documentation #10049 available at: https://www.bio-rad-antibodies.com/SDS/AHP2517 10049
Regulatory	For research purposes only
