

## Datasheet: AHP2565

<b>Description:</b>	RABBIT ANTI CAVEOLIN 1 (pTyr14)
<b>Specificity:</b>	CAVEOLIN 1 (pTyr14)
<b>Format:</b>	Purified
<b>Product Type:</b>	Polyclonal Antibody
<b>Isotype:</b>	Polyclonal IgG
<b>Quantity:</b>	50 µl

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	▪			1/500 - 1/2000

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

### Target Species

Human

### Species Cross Reactivity

Based on sequence similarity, is expected to react with: Mouse, Rat

**N.B.** Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

### Product Form

Purified IgG - liquid

### Antiserum Preparation

Antiserum to caveolin 1 (pTyr14) was raised by repeated immunization of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.

### Buffer Solution

Phosphate buffered saline

### Preservative Stabilisers

0.02% Sodium Azide  
50% Glycerol

### Immunogen

Phospho specific-peptide corresponding to residues surrounding tyrosine 14 of human

**Synonyms**

CAV

---

**Specificity**

**Rabbit anti caveolin 1 (pTyr14) antibody** recognizes caveolin 1 when phosphorylated at tyrosine 14. Caveolin 1 is a member of the caveolin family of proteins which are the main structural components of caveolae. Caveolin-1 has a number of functions, with important roles in cholesterol homeostasis, vesicle trafficking, signal transduction and tumorigenesis ([Williams and Lisanti 2005](#)).

In response to oxidative stress, caveolin-1 is phosphorylated by Src tyrosine kinase family members, Src, Abl or Fyn at tyrosine 14.

---

**Storage**

Store at -20°C

Storage in frost-free freezers is not recommended.

This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

---

**Guarantee**

12 months from date of despatch

---

**Health And Safety Information**
