

Datasheet: AHP2820

Description:	RABBIT ANTI PIG INTERLEUKIN-1 ALPHA
Specificity:	IL-1 ALPHA
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			1.0 ug/ml - 5.0 ug/ml
Western Blotting	▪			0.1 ug/ml - 2.0 ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species

Pig

Product Form

Purified IgG - liquid

Antiserum Preparation

Antiserum to pig interleukin-1 alpha was raised by repeated immunization of rabbit with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.

Buffer Solution

Phosphate buffered saline

Preservative Stabilisers

0.09% Sodium Azide (NaN₃)

Approx. Protein Concentrations

IgG concentration 1.0 mg/ml

Immunogen

Recombinant pig IL-1 ALPHA

Entrez Gene:

[397094](#) IL1A [Related reagents](#)

Specificity

Rabbit anti Pig Interleukin-1 Alpha recognizes pig interleukin-1 alpha (IL-1 alpha).

IL-1 is a inflammatory cytokine produced by activated macrophages. IL-1 is active in the inflammatory reaction and in driving Th1 and Th17 inflammatory responses. IL-1 acts on Th cells and causes them to secrete IL-2, which induces T cells to undergo mitosis and clonal expansion (Straw Barbara, Diseases of Swine -9th edition).

ELISA

This product may be used as a capture antibody in a sandwich ELISA together with [AHP2820B](#) as the detection reagent. [PPP033](#) may be used as a standard.

Storage

Store at +4°C. DO NOT FREEZE.
This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee

12 months from date of despatch

**Health And Safety
Information**
