

Datasheet: AHP775 BATCH NUMBER 166059

Description:	RABBIT ANTI HUMAN INTERFERON GAMMA
Specificity:	IFN GAMMA
Other names:	INTERFERON GAMMA
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	0.1 mg

Product Details

Applications This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <u>www.bio-rad-antibodies.com/protocols</u>.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			•	
Immunohistology - Frozen				
Immunohistology - Paraffin (1)	•			
ELISA	•			0.5 - 2.0ug/ml
Immunoprecipitation				
Western Blotting				0.1 - 0.2ug/ml
Immunofluorescence				
Functional Assays				0.04 - 0.06ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

(1)This product requires antigen retrieval using heat treatment prior to staining of paraffin sections. Sodium citrate buffer pH 6.0 is recommended for this purpose.

Target Species	Human
Product Form	Purified IgG - Iyophilized
Reconstitution	Reconstitute with 0.1ml distilled water. For long term storage the addition of 0.09% sodium azide is recommended. NB. For functional studies do not add azide.

Antiserum Preparation Antisera to human IFNy were raised by repeated immunisations of rabbits with highly

purified antigen. Purified IgG prepared by affinity chromatography.

Buffer Solution	Phosphate buffered saline	
Preservative Stabilisers	None present	
Carrier Free	Yes	
Approx. Protein Concentrations	IgG concentration 1.0mg/ml after reconstitution	
Immunogen	Recombinant human IFNy	
External Database Links	UniProt: <u>P01579</u> <u>Related reagents</u> Entrez Gene: <u>3458</u> IFNG <u>Related reagents</u>	
RRID	AB_609669	
Specificity	Rabbit anti Human Interferon gamma antibody recognizes hur (Interferon-gamma), a 143 amino acid regulatory cytokine and me interferon family. IFN-gamma is involved in the regulation of the in responses and is secreted primarily by mitogen and antigen activ natural killer cells (NK). IFN-gamma is a multifunctional cytokine which signals through th (IFNGR), found on most immune cells. Properties of IFN-gamma leucocytes to sites of infection, inducement of MHC class I and II anti-microbial and anti-tumour responses of macrophages, Nk ce has also been shown to potentiate the antiproliferative effects of I	ember of the Type II mmune and inflammatory rated T lymphocytes and e IFN-gamma receptor include recruitment of antigens, stimulation of Ils and neutrophils, and
ELISA	This purified human IFNγ antibody may be used in an indirect EL reagent in a sandwich ELISA with our <u>biotinylated human IFNγ and</u> the detection reagent and <u>recombinant human IFNγ</u> (PHP050) as	ntibody (AHP775B) as
Western Blotting	This antibody may be used in Western Blotting under either reduc conditions with <u>recombinant human IFNy</u> (PHP050) as the positiv	• •
Further Reading	 Rinderknecht, E. <i>et al.</i> (1984) Natural human interferon-gamma sequence and determination of sites of glycosylation. <u>J Biol Cher</u> Goldberg, M. <i>et al.</i> (1989) Regulation of macrophage growth a interferon-gamma. <u>J Cell Biol. 109 (3): 1331-40.</u> 	n. 259 (11): 6790-7.
Storage	Prior to reconstitution store at -20°C. After reconstitution store at -20°C.	

	This product should be stored undiluted. Storage in frost-free freezers is not recommended. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.		
Guarantee	12 months from date of despatch		
Health And Safety Information	Material Safety Datasheet documentation #10294 available at: https://www.bio-rad-antibodies.com/SDS/AHP775 10294		
Regulatory	For research purposes only
