

Datasheet: AHP953

BATCH NUMBER 160404

Description:	RABBIT ANTI HUMAN CD256
Specificity:	CD256
Other names:	APRIL
Format:	Purified
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			▪	
Immunohistology - Frozen			▪	
Immunohistology - Paraffin	▪			1/100
ELISA			▪	
Immunoprecipitation			▪	
Western Blotting	▪			1/250 - 1/1000

Where this antibody has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the antibody for use in their own system using appropriate negative/positive controls.

Target Species

Human

Species Cross Reactivity

Reacts with: Rat, Mouse

N.B. Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

Product Form

Purified IgG - liquid

Antiserum Preparation

Antisera to human CD256 were raised by repeated immunisations of rabbits with highly purified antigen. Purified IgG prepared by affinity chromatography.

Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.02% Sodium Azide
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Immunogen	Synthetic peptide corresponding to amino acids 196 to 210 of human CD256.
External Database Links	<p>UniProt: O75888 Related reagents</p> <p>Entrez Gene: 8741 TNFSF13 Related reagents</p>
Synonyms	APRIL, TALL2, ZTNF2
RRID	AB_567262
Specificity	<p>Rabbit anti Human CD256 antibody recognizes Tumor necrosis factor ligand superfamily member 13, also known as CD256, A proliferation-inducing ligand, APRIL, TNF- and APOL-related leukocyte expressed ligand 2 or TNF-related death ligand 1.</p> <p>CD256 is a member of the tumour necrosis factor family, expressed in B cells and several tumour cells. The protein is involved in stimulating B and T cell proliferation, triggering humoral immune responses, activating NF-kappaB and inducing cell death. CD256 is thought to play a role in autoimmune diseases and cancer.</p>
Western Blotting	AHP953 detects a band approximately 27kD in Jurkat cell lysates
Storage	<p>Store at +4°C or at -20°C if preferred.</p> <p>Storage in frost-free freezers is not recommended.</p> <p>This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.</p>
Guarantee	12 months from date of despatch
Health And Safety Information	<p>Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/AHP953 10040</p>
Regulatory	For research purposes only
