

Datasheet: BUF037C

Description:	ELISA GENERAL ASSAY DILUENT
Name:	ELISA GENERAL ASSAY DILUENT
Format:	Ready To Use
Product Type:	Accessory Reagent
Quantity:	1000 ml

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			Neat

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Product Form Ready to use - liquid

Buffer Solution Phosphate buffered saline

Preservative Stabilisers 0.17% Proclin™ 300
<10% EDTA

Intended Use BUF037C is an ELISA assay diluent designed to reduce background noise and assist in matrix equalization in problematic serum, plasma or cell culture samples. Designed for use in all sandwich ELISA formats, it contains mammalian serum proteins to reduce non-specific interactions between sample proteins and the plate surface.

The difference in complexity, between serum or plasma samples and diluted standard curve proteins, is a potential cause of target analyte under-recovery. BUF037C equalizes the matrix, inhibits complement and thrombin activity and contains an antimicrobial agent.

Instructions For Use Pipette buffer directly onto the plate, just prior to adding the sample and standard (suggested volume 50 - 100 ul/well).

NB. Since this buffer contains proteins derived from goat, BUF037C is not recommended for ELISA where an anti goat secondary antibody is used.

Storage	Store at +4°C. DO NOT FREEZE
Guarantee	Guaranteed until date of expiry. Please see product label.
Acknowledgements	Proclin™ 300 is a trademark of The Dow Chemical Company (“Dow”) or an affiliated company of Dow.
Health And Safety Information	Material Safety Datasheet documentation #10375 available at: 10375: https://www.bio-rad-antibodies.com/uploads/MSDS/10375.pdf
Regulatory	For research purposes only
