

## Datasheet: BUF039A

**BATCH NUMBER 162104**

<b>Description:</b>	ELISA NEPTUNE ASSAY DILUENT
<b>Name:</b>	ELISA NEPTUNE ASSAY DILUENT
<b>Format:</b>	Ready To Use
<b>Product Type:</b>	Accessory Reagent
<b>Quantity:</b>	100 ml

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			Neat

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

**Product Form** Ready to use - liquid

**Buffer Solution** Phosphate buffered saline

**Preservative Stabilisers** 0.1% Sodium Azide

**Product Information** **ELISA Neptune Assay Diluent** is an ELISA assay diluent designed to reduce background noise in problematic human, porcine and bovine serum or plasma samples. Specially formulated for use in antigen-down ELISA, it contains non-mammalian protein and proprietary detergent additives to reduce non-specific IgG adsorption to antigen coated and blocked ELISA well surfaces.

The difference in complexity, between serum or plasma samples and diluted standard curve proteins, is a potential cause of target analyte under-recovery. BUF039A equalizes the matrix, inhibits complement and thrombin activity and contains an antimicrobial agent.

**Instructions For Use** Pipette buffer directly onto the plate just prior to adding the sample or standard (suggested volume 50 - 100ul/well).

---

**Storage**

Store at +4°C.

DO NOT FREEZE

---

**Guarantee**

Guaranteed until date of expiry. Please see product label.

---

**Health And Safety Information**Material Safety Datasheet documentation #10377 available at: <https://www.bio-rad-antibodies.com/SDS/BUF039A>
