

## Datasheet: BUF050A

**BATCH NUMBER 163322**

<b>Description:</b>	TC-PROTECTOR CELL FREEZING MEDIUM
<b>Name:</b>	CELL FREEZING MEDIUM
<b>Format:</b>	Ready To Use
<b>Product Type:</b>	Accessory Reagent
<b>Quantity:</b>	100 ml

### Product Details

#### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Tissue Culture	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

**Product Form** Cell freezing media - liquid

**Preparation** Chemically defined cryo-preservation medium. Does not contain FBS (foetal bovine serum) or BSA (bovine serum albumin).

**Product Information** **TC-Protector cell freezing medium** is a ready-to-use optimised cryo-preservation medium which allows for the direct freezing of an expansive range of mammalian cell lines at -80°C.

TC-Protector cell freezing medium provides a no-mess solution for the protection of cells during frozen storage, and reliably gives a high cell viability and durability rate on thawing.

- Instructions For Use**
1. Centrifuge cells pre-suspended in complete growth medium at 1,000-1,500rpm for 60 seconds.
  2. Remove supernatant and resuspend cells in TC-Protector at a concentration of  $5 \times 10^6$  to  $1 \times 10^7$  cells/mL.
  3. Transfer this cell suspension to cryogenic storage vial.

4. Freeze vial at -80°C (liquid nitrogen should be used for long-term storage).

---

**Storage** Store unused product at +4°C.

---

**Guarantee** Guaranteed until date of expiry. Please see product label.

---

**Health And Safety Information** Material Safety Datasheet documentation #10150 available at: <https://www.bio-rad-antibodies.com/SDS/BUF050A>  
10150

This product contains 10% dimethyl sulfoxide (DMSO): a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only

---

**Regulatory** For research purposes only
