

Datasheet: HCA044 BATCH NUMBER 150701

Description:	HUMAN ANTI HUMAN INTERFERON GAMMA		
Specificity:	IFN GAMMA		
Format:	Purified		
Product Type:	Monoclonal Antibody		
Clone:	AbD02503		
Isotype:	HuCAL Fab bivalent		
Quantity:	0.1 mg		

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Frozen			•	
Immunohistology - Paraffin			•	
ELISA (1)	•			1 ug/ml
Immunoprecipitation			•	
Western Blotting			•	

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

(1) For use as a capture reagent in Sandwich ELISA we recommend the use of <u>HISPEC ASSAY DILUENT</u> for sample and antibody dilution.

Target Species	Human
Product Form	A bivalent human recombinant Fab selected from the HuCAL GOLD phage display library. Expressed in <i>E. coli</i> and purified using NiNTA affinity chromatography. This Fab fragment is bivalent by dimerization of the bacterial alkaline phosphatase fusion protein. The antibody is tagged with a DYKDDDDK tag and a HIS tag at the C-terminus of the antibody heavy chain. This product is supplied liquid.
Preparation	Metal chelate affinity chromatography
Source	E.coli

-20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C. Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended. Guarantee 12 months from date of despatch This product and/or its use is covered by claims of U.S. patents, and/or pending U.S. and	Buffer Solution	Phosphate buffered saline
Initial protein concentration U.Singimi.		0.01% Thiomersal
