

Datasheet: HCA170S

Description:	RECOMBINANT HUMAN IgM LAMBDA
Name:	HUMAN IgM LAMBDA
Format:	S/N
Product Type:	Recombinant Protein
Clone:	AbD22483_hIgM
Isotype:	IgM Lambda
Quantity:	2 ml

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	■			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Product Form

Human IgM antibody (lambda light chain) selected from the HuCAL® phage display library and expressed in a human cell line. This product is supplied as tissue culture supernatant containing 1% FCS in a liquid format.

Buffer Solution

None present

Preservative Stabilisers

0.01% Thiomersal

Immunogen

Green Fluorescent Protein (GFP).

Product Information

Recombinant human IgM lambda, clone AbD22483_hIgM is a recombinant human IgM antibody with a lambda light chain.

Clone AbD22483_hIgM is specific for green fluorescent protein and has no known reactivity with mammalian proteins or other antigens. This product is recommended for use as a control reagent when using other human antibodies of the same isotype.

Clone AbD22483_hIgM forms part of a range of human recombinant immunoglobins containing the lambda light chain. A similar range of reagents containing the kappa light chain is also available from Bio-Rad.

Storage

Store at +4°C or at -20°C if preferred.
Storage in frost-free freezers is not recommended.

This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee 12 months from date of despatch

Acknowledgements Sold under license of U.S. Patents 6753136, 7785859 and 8273688 and corresponding patents. This antibody was developed by Bio-Rad, Zeppelinstr. 4, 82178 Puchheim, Germany.

Health And Safety Information Material Safety Datasheet documentation #10575 available at: 10575: <https://www.bio-rad-antibodies.com/uploads/MSDS/10575.pdf>

Licensed Use For in vitro research purposes only, unless otherwise specified in writing by Bio-Rad.

Regulatory For research purposes only

Technical Advice Recommended protocols and further information about HuCAL recombinant antibody technology can be found in the [HuCAL Antibodies Technical Manual](#)
