

Datasheet: HCA240 BATCH NUMBER 160506

Description:HUMAN ANTI GOLIMUMABSpecificity:GOLIMUMABOther names:SIMPONIFormat:PurifiedProduct Type:Monoclonal AntibodyClone:AbD20710Isotype:HuCAL Fab monovalentQuantity:0.1 mg		
Other names: SIMPONI Format: Purified Product Type: Monoclonal Antibody Clone: AbD20710 Isotype: HuCAL Fab monovalent	Description:	HUMAN ANTI GOLIMUMAB
Format: Purified Product Type: Monoclonal Antibody Clone: AbD20710 Isotype: HuCAL Fab monovalent	Specificity:	GOLIMUMAB
Product Type: Monoclonal Antibody Clone: AbD20710 Isotype: HuCAL Fab monovalent	Other names:	SIMPONI
Clone: AbD20710 Isotype: HuCAL Fab monovalent	Format:	Purified
Isotype: HuCAL Fab monovalent	Product Type:	Monoclonal Antibody
	Clone:	AbD20710
Quantity: 0.1 mg	Isotype:	HuCAL Fab monovalent
	Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	=			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Product Form

A monovalent human recombinant Fab (kappa light chain) selected from the HuCAL® phage display library, expressed in *E. coli*. The antibody is tagged with a DYKDDDK tag and a HIS-tag (HHHHHH) at the C-terminus of the antibody heavy chain. This antibody is supplied as a liquid.

Preparation	Metal chelate affinity chromatography
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.01% Thiomersal
Approx. Protein Concentrations	Antibody concentration 0.5 mg/ml
Immunogen	Golimumab.

Specificity	Human anti golimumab antibody, clone AbD20710 is a Type 1 anti-idiotypic antibody that recognizes free golimumab but not the drug/tumor necrosis factor alpha (TNFα) complex. Clone AbD20710 inhibits the binding of golimumab to TNFα and can be used to measure free golimumab levels in serum from patients, or for pharmacokinetic (PK) assay development. An affinity matured variant of HCA240 is available with about 2-fold affinity improvement, clone AbD25429 (HCA286). Golimumab, marketed under the brand name Simponi, is a recombinant human IgG1/kappa monoclonal antibody approved for the treatment of rheumatoid arthritis, psoriatic arthritis and ankylosing spondylitis. This therapeutic antibody, directed against TNFα, acts by blocking the binding of TNFα to its receptors, resulting in a down-regulation of the inflammatory response associated with autoimmune diseases.
	View a summary of all anti-golimumab antibodies
Affinity	The monovalent intrinsic affinity of AbD20710 was measured as K_D = 2.3 nM by real time, label free molecular interaction analysis on immobilized golimumab.
Storage	This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C. Avoid repeated freezing and thawing as this may denature the antibody. Storage in
	frost-free freezers is not recommended.
Guarantee	12 months from date of despatch
Acknowledgements	This product and/or its use is covered by claims of U.S. patents, and/or pending U.S. and non-U.S. patent applications owned by or under license to Bio-Rad Laboratories, Inc. See bio-rad.com/en-us/trademarks for details. Simponi is a registered trademark of Janssen Biotech, Inc. in the USA and Merck & Co, Inc. in Europe. His-tag is a registered trademark of EMD Biosciences.
Health And Safety Information	Material Safety Datasheet documentation #10094 available at: https://www.bio-rad-antibodies.com/SDS/HCA240 10094
Licensed Use	For in vitro research purposes and for commercial applications for the provision of in vitro testing services to support preclinical and clinical drug development. Any re-sale in any form or any other commercial application needs a written agreement with Bio-Rad.
Regulatory	For research purposes only
Technical Advice	Recommended protocols and further information about HuCAL recombinant antibody technology can be found in the <u>HuCAL Antibodies Technical Manual</u>
