**Product Details**

**RRID**  
AB_324760

**Applications**  
This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

Where this antibody has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the antibody for use in their own system using appropriate negative/positive controls.

**Target Species**  
Human

**Species Cross Reactivity**  
Reacts with: Horse, Cynomolgus monkey, Rhesus Monkey  
Based on sequence similarity, is expected to react with Primate

**N.B.** Antibody reactivity and working conditions may vary between species.

**Product Form**  
Purified IgG conjugated to Alexa Fluor® 647- liquid

**Max Ex/Em**

**Preparation**  
Purified IgG prepared by affinity chromatography on Protein G from tissue culture supernatant

**Buffer Solution**  
Phosphate buffered saline

**Preservative Stabilisers**  
0.09% Sodium Azide  
1% Bovine Serum Albumin

**Approx. Protein Concentrations**  
IgG concentration 0.05 mg/ml
Immunogen

Partially purified cell membrane antigens from fresh leukemia cells

Synonyms END

Fusion Partners

Spleen cells from immunised BALB/c mice were fused with cells of the mouse P3/NS1/1-Ag4-1 myeloma cell line

Specificity

Mouse anti Human CD105 antibody, clone SN6 recognizes the human endoglin, also known as CD105. CD105 is a glycoprotein homodimer of ~95 kDa subunits expressed by endothelial cells, activated monocytes and some leukemia cells.

Flow Cytometry

Use 10ul of the suggested working dilution to label 10^6 cells in 100ul.

Storage

Store at +4°C or at -20°C if preferred.

This product should be stored undiluted.
Storage in frost free freezers is not recommended. This product is photosensitive and should be protected from light.

Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

**Guarantee**
18 months from date of despatch.
