

Datasheet: MCA1732

BATCH NUMBER 164903

| | |
|----------------------|---------------------------|
| Description: | MOUSE ANTI HUMAN CD44v7/8 |
| Specificity: | CD44v7/8 |
| Format: | Purified |
| Product Type: | Monoclonal Antibody |
| Clone: | VFF-17 |
| Isotype: | IgG2b |
| Quantity: | 0.1 mg |

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

| | Yes | No | Not Determined | Suggested Dilution |
|--------------------------------|-----|----|----------------|--------------------|
| Flow Cytometry | ▪ | | | 1/10 - 1/100 |
| Immunohistology - Frozen | ▪ | | | 1/100 - 1/1000 |
| Immunohistology - Paraffin (1) | ▪ | | | 1/100 |
| ELISA | | | ▪ | |
| Immunoprecipitation | | | ▪ | |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

(1) This product requires antigen retrieval using heat treatment prior to staining of paraffin sections. Sodium citrate buffer pH 6.0 is recommended for this purpose.

| | |
|---------------------------------|---------------------------------------------------|
| Target Species | Human |
| Product Form | Purified IgG - liquid |
| Preparation | Antibody purified from tissue culture supernatant |
| Buffer Solution | Phosphate buffered saline |
| Preservative Stabilisers | None present |

| | |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Approx. Protein Concentrations | IgG concentration 1.0 mg/ml |
| External Database Links | <p>UniProt: P16070 Related reagents</p> <p>Entrez Gene: 960 CD44 Related reagents</p> |
| Synonyms | LHR, MDU2, MDU3, MIC4 |
| RRID | AB_322697 |
| Specificity | Mouse anti Human CD44v7/8 antibody, clone VFF-17 specifically recognizes an epitope encoded by exons v7-v8 on the variant portion of human CD44. |
| Flow Cytometry | Use 10µl of the suggested working dilution to label 10 ⁶ cells in 100µl |

| Storage | <p>Store at -20°C only.</p> <p>Storage in frost-free freezers is not recommended.</p> <p>This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.</p> |
| Guarantee | Guaranteed until date of expiry. Please see product label. |
| Health And Safety Information | <p>Material Safety Datasheet documentation #10162 available at: https://www.bio-rad-antibodies.com/SDS/MCA1732 10162</p> |
| Regulatory | For research purposes only |
