

Datasheet: MCA1748GA

BATCH NUMBER 1607

Description:	RAT ANTI PIG CD144
Specificity:	CD144
Other names:	VE-CADHERIN
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	123
Isotype:	IgG2a
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry		▪		
Immunohistology - Frozen	▪			
Immunohistology - Paraffin			▪	
ELISA			▪	
Immunoprecipitation			▪	
Western Blotting	▪			

Where this antibody has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. It is recommended that the user titrates the antibody for use in their own system using appropriate negative/positive controls.

Target Species	Pig
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein G from tissue culture supernatant
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)

Carrier Free	Yes
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Immunogen	Porcine VE-cadherin/human IgG Fc fusion protein.

Specificity	<p>Rat anti Pig CD144 antibody, clone 123 recognizes a ~120-130 kDa a single pass type I membrane protein considered to be the porcine homologue of human CD144, also known as VE-Cadherin or Cadherin-5.</p> <p>VE-cadherin is expressed by endothelial cells and is important in cell-cell adhesion, tight junction integrity and vascular permeability (Tinsley et al. 1999). VE-Cadherin is highly susceptible to proteolytic degradation.</p> <p>Western blotting and immunofluorescence studies with Rat anti Porcine CD144 antibody, clone 123 demonstrate rearrangement and upregulation of VE-cadherin in porcine endothelial cells cultured as part of tissue engineered blood vessels under shear stress conditions rather than static conditions (Lee et al. 2012).</p>

Storage	<p>Store at +4°C or at -20°C if preferred.</p> <p>Storage in frost-free freezers is not recommended.</p> <p>This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend</p>

microcentrifugation before use.

Guarantee	12 months from date of despatch
