Datasheet: MCA1825T BATCH NUMBER 157089

Description:	RAT ANTI MOUSE CD34			
Specificity:	CD34			
Format:	Purified			
Product Type:	Monoclonal Antibody			
Clone:	MEC14.7			
lsotype:	lgG2a			
Quantity:	25 µg			

Product Details

Applications	This product has been reported to work in the following applications. This inf derived from testing within our laboratories, peer-reviewed publications or pe communications from the originators. Please refer to references indicated fo information. For general protocol recommendations, please visit www.bio-

Target Species	Mouse						
Product Form	Purified IgG - liquid						
Preparation	Purified IgG prepared by supernatant	affinity ch	nromatogr	raphy on Protein G fro	m tissue culture		
Buffer Solution	Phosphate buffered salin	е					
Preservative Stabilisers	0.09% Sodium Azide						
Carrier Free	Yes						

Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Immunogen	T-end.1, a pMT transformed endothelial cell line.

RRID	AB_1101948
Specificity	Rat anti Mouse CD34 antibody, clone MEC14.7 recognizes the murine CD34 cell surface antigen, which is expressed by endothelial cells and by haematopoietic stem cells. This antibody recognizes a neuraminidase sensitive epitope. As in the human system, CD34 antibodies in the mouse demonstrate slightly different staining patterns depending on their fine specificity. Rat anti Mouse CD34 antibody, clone MEC14.7 appears to recognize a subset of the stem cell population recognized by clone RAM34, and it is thought that this is due to differences in the epitope recognized by the two antibodies.
Flow Cytometry	Use 10ul of the suggested working dilution to label 10 ⁶ cells in 100ul.

Storage	Store at +4°C or at -20°C if preferred.			
	This product should be stored undiluted.			
	Storage in frost free freezers is not recommended. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.			
Guarantee	12 months from date of despatch			
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: https://www.bio-rad-antibodies.com/SDS/MCA1825T 10040			
Regulatory	For research purposes only
