

Datasheet: MCA2570

Description:	MOUSE ANTI GIARDIA LAMBLIA
Specificity:	GIARDIA LAMBLIA
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	6231
Isotype:	IgG1
Quantity:	0.1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			▪	
Immunohistology - Frozen			▪	
Immunohistology - Paraffin			▪	
ELISA			▪	
Immunoprecipitation			▪	
Western Blotting	▪			1/10 - 1/50
Immunofluorescence	▪			1/10 - 1/50
Functional Assays			▪	

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Protozoan
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein A from ascites
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.1% Sodium Azide (NaN ₃)
Approx. Protein	IgG concentration 0.1mg/ml

Concentrations

Immunogen 65 kDa *Giardia* antigen.

RRID AB_770106

Specificity **Mouse anti *Giardia lamblia* antibody, clone 6231** recognizes *Giardia lamblia*, a flagellated protozoan parasite which infects the small intestines of humans and a variety of other mammalian hosts. Infection by *G. lamblia* results in giardiasis; a type of gastroenteritis that causes severe diarrhea and abdominal cramps. It has been suggested that chronic giardiasis can result in long-term growth retardation ([Simsek. et al. 2004](#)).

Western Blotting MCA2570 detects a band of approximately 65kDa.

Further Reading 1. Adam, R.D. (2001) Biology of *Giardia lamblia*. [Clin Microbiol Rev. 14 \(3\): 447-75.](#)

Storage This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.

Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.

Guarantee 12 months from date of despatch
