

Datasheet: MCA3595Z

Description:	MOUSE ANTI HUMAN MTMR2:Preservative Free
Specificity:	MTMR2
Format:	Preservative Free
Product Type:	Monoclonal Antibody
Clone:	4G6
Isotype:	IgG2a
Quantity:	0.1 mg

Product Details

RRID AB_2147837

Applications This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	■			0.1 - 10 ug/ml

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species Human

Species Cross Reactivity Reacts with: Rat
N.B. Antibody reactivity and working conditions may vary between species.

Product Form Purified IgG - liquid

Preparation Purified IgG prepared by affinity chromatography on Protein A

Buffer Solution Phosphate buffered saline

Preservative Stabilisers None present

Approx. Protein Concentrations Ig concentration 0.5 mg/ml

Immunogen Recombinant protein corresponding to aa 5-101 of human MTMR2

Synonyms	KIAA1073
-----------------	----------

Fusion Partners	Spleen cells from immunized Balb/c mice were fused with cells from the Sp2/0 myeloma cell line.
------------------------	---

Specificity	<p>Mouse anti Human MTMR2 antibody, clone 4G6 recognizes human Myotubularin-related protein 2, also known as MTMR2, Phosphatidylinositol-3,5-bisphosphate 3-phosphatase or Phosphatidylinositol-3-phosphate phosphatase. MTMR2 is a 643 amino acid ~75 kDa phosphatase.</p> <p>Mutations in the MTMR2 gene can lead to development of Charcot-Marie-Tooth disease 4B1 (CMT4B1), an autosomal recessive demyelinating disease marked by progressive atrophy and weakness of peroneal and arm muscles (Bolino et al. 2000).</p>
--------------------	--

Storage	<p>Store at -20°C only.</p> <p>Storage in frost-free freezers is not recommended.</p> <p>This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.</p>
----------------	---

Guarantee	18 months from date of despatch.
