

## Datasheet: MCA409S

**BATCH NUMBER 153560**

<b>Description:</b>	RAT ANTI MBP (aa82-87)
<b>Specificity:</b>	MBP (aa82-87)
<b>Other names:</b>	MYELIN BASIC PROTEIN
<b>Format:</b>	S/N
<b>Product Type:</b>	Monoclonal Antibody
<b>Clone:</b>	12
<b>Isotype:</b>	IgG2a
<b>Quantity:</b>	2 ml

## Product Details

### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry			▪	
Immunohistology - Frozen			▪	
Immunohistology - Paraffin			▪	
ELISA	▪			
Immunoprecipitation			▪	
Western Blotting	▪			
Immunofluorescence	▪			
Radioimmunoassays	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

### Target Species

Bovine

### Species Cross Reactivity

Reacts with: Mouse, Rabbit, Rat, Guinea Pig, Sheep, Human, Chicken, Pig  
Based on sequence similarity, is expected to react with: Mammals

**N.B.** Antibody reactivity and working conditions may vary between species. Cross reactivity is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information.

<b>Product Form</b>	Tissue Culture Supernatant - liquid
<b>Buffer Solution</b>	0.1M TRIS
<b>Preservative Stabilisers</b>	0.1% Sodium Azide
<b>Immunogen</b>	Bovine MBP.
<b>External Database Links</b>	<p><b>UniProt:</b>  <a href="#">P02687</a>    <a href="#">Related reagents</a></p> <p><b>Entrez Gene:</b>  <a href="#">618684</a>    MBP    <a href="#">Related reagents</a></p>
<b>RRID</b>	AB_325004
<b>Fusion Partners</b>	Spleen cells from an immunised outbred rat were fused with cells of the mouse NS0 myeloma cell line.
<b>Specificity</b>	<p><b>Rat anti MBP antibody, clone 12</b> recognizes myelin basic protein from a wide range of species. Rat anti MBP antibody, clone 12 reacts weakly with peptides ending in the Phe 91 where the 91-92 Phe-Phe bond is broken. Synthetic peptide 82-99 reacts very well with Rat anti MBP antibody, clone 12, as does intact MBP. Further epitope analysis indicates binding to a region defined by amino acids 82-87 (DENPVV).</p> <p>Rat anti MBP antibody, clone 12 has been reported as being suitable for use in western blotting (<a href="#">Glynn <i>et al.</i> 1987</a>).</p>

**Storage**

Store at +4°C or at -20°C if preferred.

This product should be stored undiluted.

Storage in frost free freezers is not recommended. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.
