

Datasheet: MCA506A647T

BATCH NUMBER 1711

Description:	RAT ANTI HUMAN CD235a:Alexa Fluor® 647	
Specificity:	CD235a	
Other names:	GLYCOPHORIN A	
Format:	ALEXA FLUOR® 647	
Product Type:	Monoclonal Antibody	
Clone:	YTH89.1	
Isotype:	lgG2b	
Quantity:	25 TESTS/0.25ml	

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
Flow Cytometry				Neat

Where this antibody has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the antibody for use in their own system using appropriate negative/positive controls.

Product Form	Purified IgG conjugate	ed to Alexa Fluor® 64	7 - liquid
Max Ex/Em	Fluorophore	Excitation Max (nm)	Emission Max (nm
	Alexa Fluor®647	650	665
D			
Preparation	Purified IgG prepared supernatant	by affinity chromatogi	raphy on Protein G
Preparation Buffer Solution	•		raphy on Protein G
Buffer Solution Preservative	supernatant		raphy on Protein G
Buffer Solution	supernatant Phosphate buffered sa	aline	raphy on Protein G

Fusion Partners

Spleen cells from immunized DA rats were fused with cells of the Y3/Ag.1.2.3.

Specificity

Rat anti Human CD235a antibody, clone YTH89.1 recognizes glycophorin A, a major sialoglycoprotein of the human erythrocyte membrane.

Flow Cytometry

Use 10ul of the suggested working dilution to label 1x10⁶ cells in 100ul.

Storage

Store at +4°C or at -20°C if preferred.

This product should be stored undiluted.

Storage in frost free freezers is not recommended. This product is photosensitive and should be protected from light.

Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee

12 months from date of despatch

Acknowledgements

This product is provided under an intellectual property licence from Life Technologies Corporation. The transfer of this product is contingent on the buyer using the purchase product solely in research, excluding contract research or any fee for service research, and the buyer must not sell or otherwise transfer this product or its components for (a) diagnostic, therapeutic or prophylactic purposes; (b) testing, analysis or screening services, or information in return for compensation on a per-test basis; (c) manufacturing or quality assurance or quality control, or (d) resale, whether or not resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@thermofisher.com
