

Datasheet: MCA5744G

BATCH NUMBER 180207

Description:	MOUSE ANTI 2-PROPYLVALERIC ACID
Specificity:	2-PROPYLVALERIC ACID
Other names:	VALPROIC ACID
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	VA1
Isotype:	IgG1
Quantity:	1 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			
Immunoassay	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Chemical
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein A from ascites
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Approx. Protein Concentrations	IgG concentration 1.0mg/ml
Immunogen	Valproic Acid conjugated to TBG

RRID AB_10863320

Specificity **Mouse anti 2-propylvaleric acid antibody, clone VA1** recognizes 2-propylvaleric acid, also known as Valproic acid, an analogue of valeric acid. It is used clinically as an anticonvulsant and mood-stabilising drug. It may be used to treat epilepsy, bipolar disorder, migraine headaches and schizophrenia. It is also under investigation for treatment of HIV and cancers. Potential side effects include weight gain and dyspepsia.

Intended Use Bio-Rad recommends that the user determines this product's suitability for any particular application.

Storage Store at +4°C or at -20°C if preferred.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use.

Guarantee 12 months from date of despatch
