

Datasheet: MCA6145

BATCH NUMBER 157942

Description:	HUMAN ANTI C5 (ECULIZUMAB BIOSIMILAR)
Specificity:	C5
Format:	Purified
Product Type:	Monoclonal Antibody
Clone:	h5G1.1
Isotype:	HuCAL IgG2, HuCAL IgG4
Quantity:	0.2 mg

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Human
Product Form	Human IgG2/4 (kappa) antibody - liquid
Preparation	Purified recombinant IgG prepared by affinity chromatography on Protein A from a mammalian cell line
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.01% Thiomersal
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Immunogen	Human C5
Specificity	Human Anti-C5 alpha antibody, clone h5G1.1 , is a research grade biosimilar of the

monoclonal antibody drug eculizumab. It is a recombinant human IgG2/4 kappa antibody with variable regions from the therapeutic eculizumab antibody clone h5G1.1. This product is supplied in a research grade format, i.e. in PBS buffer with preservative; it is not manufactured or formulated in the same way as the therapeutic reference product.

Human Anti-C5 Antibody is for research use only. It is suitable as a reference standard in a pharmacokinetic (PK) bridging ELISA with anti-eculizumab antibodies for example HCA312 and HCA313.

Ecuzumab (Soliris) is a humanized IgG2/4 kappa antibody. The heavy chains are comprised of human IgG2 sequences in CH1, the hinge and the adjacent portion CH2, and human IgG4 sequences in the remaining part of CH2 and CH3. The drug is used to treat paroxysmal nocturnal hemoglobinuria (PNH), a rare acquired life-threatening disease of the blood characterized by destruction of red blood cells by the complement system. It also has approval as an orphan drug for treatment of atypical hemolytic uremic syndrome (aHUS). Ecuzumab specifically binds to the terminal complement component 5 (C5) and inhibits the cleavage of C5 to C5a and C5b by the C5 convertase, which prevents the generation of the terminal complement complex C5b-9. Both C5a and C5b-9 cause the terminal complement-mediated events that are characteristic of PNH and aHUS. A 1:1 molar ratio of ecuzumab to C5 is sufficient for C5 inhibition.

This product is NOT FOR THERAPEUTIC USE.

Purity	>98% by SDS PAGE
---------------	------------------

Storage	This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C. Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.
----------------	--

Guarantee	12 months from date of despatch
------------------	---------------------------------

Acknowledgements	Sold under license of U.S. Patents 6753136, 7785859 and 8273688 and corresponding patents. This antibody was developed by Bio-Rad, Zeppelinstr. 4, 82178 Puchheim, Germany.
-------------------------	---

Health And Safety Information	Material Safety Datasheet documentation #10094 available at: https://www.bio-rad-antibodies.com/SDS/MCA6145 10094
--------------------------------------	--

Licensed Use	For in vitro research purposes only. Research grade biosimilar. Not for use in therapeutic or diagnostic procedures for humans or animals.
---------------------	--

Regulatory	For research purposes only
