

## Datasheet: MCA6318

**BATCH NUMBER 155788**

<b>Description:</b>	RABBIT ANTI CATENIN BETA 1
<b>Specificity:</b>	CATENIN BETA 1
<b>Format:</b>	Purified
<b>Product Type:</b>	Monoclonal Antibody
<b>Clone:</b>	RM276
<b>Isotype:</b>	IgG
<b>Quantity:</b>	0.1 ml

### Product Details

#### Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

	Yes	No	Not Determined	Suggested Dilution
Immunohistology - Paraffin	▪			1/500 - 1/1000
Western Blotting	▪			1/400 - 1/1000

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

<b>Target Species</b>	Human
<b>Product Form</b>	Purified IgG - liquid
<b>Preparation</b>	Purified IgG prepared by affinity chromatography of Protein A from animal origin-free culture supernatant
<b>Buffer Solution</b>	Phosphate buffered saline
<b>Preservative</b>	0.09% Sodium Azide
<b>Stabilisers</b>	1% Bovine Serum Albumin 50% Glycerol
<b>Immunogen</b>	A peptide corresponding to Human catenin beta 1
<b>External Database</b>	<b>UniProt:</b>

**Synonyms**

CTNNB

**Specificity**

**Rabbit anti Human catenin beta 1 antibody** recognizes catenin beta-1, also known as beta-catenin, CTNNB1. Catenin beta 1 is a multifunctional protein with an important role in physiological homeostasis. The main regulator of catenin beta is the protein Wnt, an interaction central to the Wnt/beta-catenin signaling pathway ([Shang et al. 2017](#)). During embryogenesis, Wnt/beta-catenin signaling is involved with cell polarity, proliferation, and fate, and mutations in this signaling pathway are linked to birth defects ([MacDonald et al. 2009](#)). In adult tissue, appropriate Wnt/beta-catenin signaling is important for maintaining cellular processes involved with development, differentiation, and tissue homeostasis. Wnt/beta-catenin signaling dysregulation is implicated in numerous malignancies, and is involved with immune evasion during cancer ([Pai et al. 2017](#)).

**Storage**

Store at -20°C only.  
Storage in frost-free freezers is not recommended.  
This product should be stored undiluted. Should this product contain a precipitate we recommend microcentrifugation before use

**Guarantee**

12 months from date of despatch

**Health And Safety Information**

Material Safety Datasheet documentation #10048 available at: <https://www.bio-rad-antibodies.com/SDS/MCA6318>  
10048

**Regulatory**

For research purposes only
