

Datasheet: MCA6423GA

Description:	MOUSE ANTI HUMAN LAMTOR2
Specificity:	LAMTOR2
Format:	Purified
<b>Product Type:</b>	Monoclonal Antibody
Clone:	N03-6B7-3
Isotype:	lgG2b
Quantity:	0.1 mg

## **Product Details**

## **Applications**

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit <a href="www.bio-rad-antibodies.com/protocols">www.bio-rad-antibodies.com/protocols</a>.

	Yes	No	Not Determined	Suggested Dilution
Western Blotting	•			1/1000

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Human
Product Form	Purified IgG - liquid
Preparation	Purified IgG prepared by affinity chromatography on Protein G from tissue cultur supernatant
Buffer Solution	Phosphate buffered saline
Preservative Stabilisers	0.09% Sodium Azide (NaN <sub>3</sub> )
Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
Immunogen	E. coli-derived recombinant protein, aa 1-125 of human LAMTOR2
External Database Links	UniProt:

#### **Entrez Gene:**

28956 LAMTOR2 Related reagents

Synonyms	MAPBPIP
Specificity	Mouse anti human LAMTOR2, clone N03-6B7-3 recognizes the regulator complex protein LAMTOR2, also known as endosomal adaptor protein p14.
	LAMTOR2 is part of the ragulator complex which is involved in the activation of the signaling complex mTORC1. LAMTOR2 also plays a crucial role in tissue homeostasis and immunity, and a reduction in levels of LAMTOR2 have been shown to negatively impact these key mechanisms (Scheffler et al. 2014).
Western Blotting	Mouse anti Human LAMTOR2 antibody detects a band of 12 kDa in LNCaP cell lysates
Storage	This product is shipped at ambient temperature. It is recommended to aliquot and store a -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.
	Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.
Guarantee	12 months from date of despatch
Health And Safety Information	Material Safety Datasheet documentation #10040 available at: <a href="https://www.bio-rad-antibodies.com/SDS/MCA6423GA">https://www.bio-rad-antibodies.com/SDS/MCA6423GA</a> 10040
Regulatory	For research purposes only
