

## Datasheet: OBT0874

|                      |                         |
|----------------------|-------------------------|
| <b>Description:</b>  | MOUSE ANTI RABIES VIRUS |
| <b>Specificity:</b>  | RABIES VIRUS            |
| <b>Format:</b>       | Purified                |
| <b>Product Type:</b> | Monoclonal Antibody     |
| <b>Clone:</b>        | 6041                    |
| <b>Isotype:</b>      | IgG2a                   |
| <b>Quantity:</b>     | 0.1 mg                  |

## Product Details

**Applications**

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit [www.bio-rad-antibodies.com/protocols](http://www.bio-rad-antibodies.com/protocols).

|                            | <b>Yes</b> | <b>No</b> | <b>Not Determined</b> | <b>Suggested Dilution</b> |
|----------------------------|------------|-----------|-----------------------|---------------------------|
| Immunohistology - Frozen   | ▪          |           |                       |                           |
| Immunohistology - Paraffin |            |           | ▪                     |                           |
| ELISA                      | ▪          |           |                       |                           |
| Immunoprecipitation        |            |           | ▪                     |                           |
| Western Blotting           |            |           | ▪                     |                           |
| Immunofluorescence         | ▪          |           |                       |                           |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

|                                       |  |
|---------------------------------------|--|
| <b>Target Species</b>                 | Viral  |
| <b>Product Form</b>                   | Purified IgG - liquid  |
| <b>Preparation</b>                    | Purified IgG prepared by affinity chromatography on Protein A from ascites |
| <b>Buffer Solution</b>                | Phosphate buffered saline  |
| <b>Preservative Stabilisers</b>       | 0.1% Sodium azide  |
| <b>Approx. Protein Concentrations</b> | IgG concentration 0.1 mg/ml  |

RRID AB\_620621

---

**Specificity** **Mouse anti Rabies virus antibody, clone 6041** recognizes a Rabies virus surface glycoprotein.

---

**Storage** This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.

Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.

---

**Guarantee** 12 months from date of despatch

---

**Health And Safety Information** Material Safety Datasheet documentation #10040 available at: <https://www.bio-rad-antibodies.com/SDS/OBT0874>  
10040

---

**Regulatory** For research purposes only
